

# Videxio for Video Units

Dedicated subscription plans for your  
videoconferencing units

- ✓ Unlimited video calling on a dedicated global network
- ✓ Integrate your videoconferencing hardware into Skype for Business workflows
- ✓ Plug 'n' play activation
- ✓ Enable two-way calling from behind your corporate firewall
- ✓ Compatible with videoconferencing units from industry leaders Polycom, Cisco, Huawei, and more

## Videxio for Video Units

- A dedicated subscription service for videoconferencing units

Our specialized subscription service enables secure, seamless two-way calling from your videoconferencing unit with both internal and external contacts, via our quality-assured global cloud video network.

Your videoconferencing system joins our cloud service through your local internet connection, plugging in to our global video network with dedicated capacity and assured quality. Provides the highest quality video performance for international video calls without needing to invest in internal infrastructure.

### HIGHLIGHTS

- + **Unlimited video calling with live screen-share:** unlimited two-way calling to any standards-based video address (SIP/H.323) on any video network with 1080p content sharing
- + **Global video network with smart roaming:** a dedicated global network for video. With smart roaming your unit will always be connected to the nearest data center wherever you're calling from
- + **Skype for Business gateway service:** connect videoconferencing devices directly to your Skype for Business ecosystems and workflows. Seamless connectivity between your video units and Skype for Business users and scheduled Skype meetings
- + **Meeting room mode:** fast, effective wireless, "one tap to join" dialing from your video unit into scheduled meetings hosted on Videxio, Skype for Business, Zoom, BlueJeans, WebEx and Cisco Spark (requires My Meeting Video app)
- + **Plug 'n' play activation:** simple automated one-click network registration for each unit
- + **Unique video address:** your unit's unique "phone number". Formatted like an email address so it's easy to remember and share
- + **Automated contacts directory:** the network automatically updates your unit with all the video contacts inside your company for fast dialing
- + **Flexible monthly subscriptions:** options to suit systems of all sizes, from huddle rooms to executive room systems
- + **Technical Info:** for a full list of the current units compatible with our licenses please visit: [http://bit.ly/compatible\\_units](http://bit.ly/compatible_units)
